1. Six large Soviet cargo vessels (tonnage undetermined) arrived in Chongjin (129-46, 41-46) from Vladivostok on 29 July. They carried heavy artillery, anti-aircraft guns, and ammunition to be distributed to North Korean divisions by 20 August.
2. The following rumors have been circulating in Seoul:
 - a. After the occupation of all South Korea by the northerners, members of the North Korean and Chinese Communist forces plan to infiltrate cells of the Japanese Communist Party to instigate a civil war in Japan between the Communists and non-Communists by April or May 1951.
 - b. The Soviet air force will join the fighting in Korea if UN forces have not been driven completely out of Korea by 1 September 1950. As the North Korean airfields are neutralized, the Soviets plan to operate from Manchurian airstrips.
3. A current rumor in Seoul is as follows: Stalin instructed KIM Il-song that the new dividing line in Korea, in case the North Korean forces are defeated in the south, will be the 37th Parallel instead of the 38th. The North Korean army is mobilizing civilians to build defenses on this line.
